"This is definitely the best Chinese food in my neighborhood. I usually get the General Tso's Chicken that comes with broccoli and white rice (\$7.95) and a container of my fun chicken soup (\$4.50). The food is always hot, and when you order more than \$10 worth, you get a free soda. They always make things to your order, like if you want something steamed or sauce on the side. The delivery time is quick -- usually 10-15 minutes after you place the order -- and the people who deliver are always very courteous."

VEGETARIANISM FOR HEALTH

Overweight is not the only popular concern in this age of plentiful and sophisticated food; heart disease, stroke, diabetes, cancer, and other adult diseases are some of the other threats we face today.

An "inappropriate diet" is one that is either lopsided toward one particular kind of food, or that includes too many meat and flesh foods.

The significant benefit of a vegetarian diet is that it promotes beauty. A vegetarian diet stimulates the metabolism and makes for a smoothly functioning digestive system, and it prevents constipation and damage to the skin resulting from the formation of uric acid and other harmful compounds. Adhering to a vegetarian diet can also lower cholesterol count, an important benefit for those suffering from a variety of adult diseases.

Vegetarian foods are high in complete proteins are beans and legumes (especially soy beans, peanuts, sesame seed, and so forth) and wheat, gluten, and products made from them. In this age of health and beauty consciousness, vegetarianism is one good way to cultivate both.

AH 榮華樓

Just a word about our food...
We believe that Chinese food should be authentic, flavorful, interesting and healthy. Our cooks have blended sauce, spices and natural ingredients resulting in a menu to be just that.

A "MooShoo Bar" a la carte provides the opportunity to sample the varieties of moo shoo dishes via a la carte. Your choice of Chinese pancake or in a pocket of pita bread!

Dim Sum, Moo Goo Gai Pan, Egg Foo Young... what's a Chinese menu without such authenticity.

A question that is so often asked... "Is there M.S.G. in my food?" The answer is "No". At Wing Wah we care about serving food, low in cholesterol, low in fat and low in sodium. All dishes are low salt, fried foods are cooked in pure vegetable oil, and we make sure that most dishes have ample fibre.

Take-out is what we specialize in. It is our aim to bring into your home a healthy and pleasant dining experience.
